SUBJECT: Capital Expenditure Plan (MP1) Report for FY 2019-FY 2023

The Capital Expenditure Plan (MP1) on-line reporting system will open on April 30, 2018, for higher education institutions and state agencies to submit capital expenditure (MP1) data to the Bond Review Board and the Texas Higher Education Coordinating Board. The certified reports from institutional officials and state agency executive directors must be received by the Coordinating Board's Office of Resource Planning no later than **Monday, July 2, 2018**.

All state agencies and institutions are required to report. The dates for the report will be September 1, 2018, through August 31, 2023, (FY 2019 – FY 2023). The report will be submitted electronically through the Integrated Campus Planning System (ICPS).

The Capital Expenditure Report must include those capital renewal, property acquisition, repair and renovation, or information resource projects that are planned in the next five years, regardless of funding source. The following thresholds will apply to state agencies as well as higher education institutions and include:

- (i) any proposed new construction greater than \$1 million;
- (ii) any repair and rehabilitation greater than \$1 million,
- (iii) information resource projects that cumulatively would total \$1 million or greater in one year.

The report is not limited to those projects that would be funded with bonded financing, but also includes those expected to be funded with cash, gifts, grants, or other sources. The information submitted will be used by the Bond Review Board to produce and submit the Capital Expenditure Plan to the Governor's Office of Budget and Policy and the Legislative Budget Board by September 1, 2018. The Coordinating Board will use the information provided by higher education institutions to create a Capital Expenditure (MP1) Report which is routinely used to inform the legislature, stakeholders, and Coordinating Board, as to the institutions' capital needs.
